

PRESS Release

NACE Gulf – A new director
Prof. Jorge Esteves will be the new NACE Gulf’s Director

The COME Foundation National Centre of the Gulf Region has a new Director asked Prof. Jorge Esteves, replacing Dr. Nawaf Al Aqeel.

Pescara, 3/09/2018

Today during the September monthly meeting of the COME’s Board of Trustees, Prof. Jorge Esteves, member of the Board, has been appointed as the new GULF NACE Director.

The proposal for his nominee was recently made by the current Director Dr. Nawaf Al Aqeel, who will move to new operational roles within the NACE office in Riyadh (Saudi Arabia) at MYO Centre (<https://www.myo.center/>).

The Board of Trustees has voted positively and unanimously to this new assignment for our colleague Jorge Esteves.

The assignment is effective from the day after the Board of Trustees meeting.

COME Collaboration Central and the other NACE’s representatives wish good luck to Jorge for this new challenging adventure. We are sure he will bring his great professional experience for the benefit of the osteopathic community and public of the Gulf Region.

- The best is yet to COME! -
